

FILTER BRITA AQUAGUSTO 250 L

Whether in HoReCa or in the office, the BRITA AquaGusto water tank filter will enhance the flavour, aroma and appearance of coffee. And, of course, that also applies to espresso and cappuccino. The filter can be used in almost any coffee machine and reduces limescale deposits. It is impressively simple and quick to operate, and users also benefit from the added filter exchange signal.

Forgetting to change the filter is now a thing of the past.

The filter change signal means you always know the right time to change the filter. Simply place the filter change signal in a visible location and press the button firmly
