

## **FILTER HEAD PURITY C WITH ADJUSTABLE BY-PASS 0-70% ( 3/8 )**

### **ONE FILTER HEAD SYSTEM FOR ALL APPLICATIONS PURITY C FILTER HEAD**

By providing various connections and bypass settings, BRITA Professional filter heads form the basis for the PURITY C filter cartridge range. Choose between the filter head that enables a variable bypass setting of 0 – 70 %, or a filter head with a fixed bypass setting of 0 % or 30 % (all available with either 3/8" or John Guest connections). This guarantees you an optimum water quality for every application (coffee and espresso machines, vending machines, combi ovens, conventional ovens and coolers)
